## Phonics Friends

Thanks to Starz Home Entertainment's new DVD series "Phonics 4 Babies," parents can jump start their youngsters' speech development. Starring Mallory Lewis, daughter of legendary Lamb Chop creator Shari Lewis, "Phonics 4 Babies" uses playful puppets and original music to engage babies and toddlers in early speech development. This lovable new series will teach vowel and consonant formation, 300 basic key words and phrases, number and shape identification, and more. *Baby's First Words*, the series' debut title, will be available in stores on September 25.
